

## MoU with Kennametal India Limited

Industry Interaction is extremely essential to bridge the gap between the theoretical aspects taught in the classroom and what is actually practiced in the industry. In order to achieve this goal Acharya Institute of Technology has signed Memorandum of Understanding with Kennametal India Limited, Bengaluru, the Global leader in cutting tool manufacturing. This MOU allows the students and faculty to interact with Kennametal team which keeps them in sync with the latest developments happening in terms of Knowledge and Technology. The Kennametal Experts visit the AIT campus and offer series of lectures on the fundamental of Manufacturing along with the advancements which is implemented by Kennametal. Undergraduate and Post Graduate Students , also are given an opportunities to undertake their Academic Projects, which will not only strengthen and enhance their understanding ,but also provide them oppportunities for further their research.
