

Infosys Campus Connect Program

Acharya Institute of Technology

Soldevanahalli, Bangalore-560107

Overview:

Campus Connect aimed at evolving a model through which Infosys and engineering institutions can partner for competitiveness, enhance the pool of high capable talent for growth requirements in Information Technology (IT) space. It is aimed at creating an effective means of backward integration into the supply chain by going into the college campuses from where the IT industry gets the people for its growth. The nation-wide program focuses on preparing “industry ready IT professionals” by aligning and enhancing the engineering student skills with the needs of industry.

Acharya Institute of Technology rolled out **21 Batches** of the Foundation Program successfully in which more than **1000 students** attended the training program out of which 98% of **students cleared the online examination** conducted by Infosys and received certificate for the same from Infosys.

For conducting the program effectively, Infosys appreciated the effort of the team in the “Principal Meet” organized by Infosys, Bangalore and they awarded AIT as one of the best college among Partner colleges of Infosys with “Advanced Partner Institute” status.

Report of Principals' Meet-2013
