BACHELOR IN HOSPITAL ADMINISTRATION

About

This comprehensive undergraduate program is tailored for individuals with strong leadership and organizational skills. It offers foundational courses covering the basics of healthcare management, organizational behavior, and principles of administration. Students explore healthcare policies, regulations, and ethical considerations in the administration of healthcare institutions while gaining a deep understanding of the systems and processes for managing health information.

Career Scope

As the healthcare sector continues to experience exponential growth, the demand for BSc Hospital Administration graduates is on the rise. Equipped with a unique blend of healthcare policies and management skills, these graduates are well-positioned for rewarding careers in the field. Potential career paths include Hospital Administrator, Healthcare Consultant, Health Information Manager, Human Resources Manager, Medical Office Manager, Patient Services Manager, and Healthcare Marketing Specialist.

Eligibility

Pass in Pre-University / Higher Secondary / 10+2 / 'A' Level or equivalent of any recognized board or council in any discipline.
