M PHARM
QUALITY ASSURANCE

About

M Pharm in Quality Assurance is a postgraduate academic program that focuses on advanced studies in the field of pharmaceutical sciences with a specific emphasis on quality assurance and regulatory affairs. This program is designed to provide students with a comprehensive understanding of the principles and practices involved in ensuring the quality, safety, and efficacy of pharmaceutical products.

Career Scope

Graduates from this program are well-equipped for careers in quality assurance, regulatory affairs, and compliance within the pharmaceutical industry. They can pursue a variety of roles, including Quality Assurance Manager, Regulatory Affairs Specialist, and Compliance Officer, where they ensure adherence to industry standards and regulations. Other potential positions include Validation Specialist, Quality Control Analyst, and Pharmaceutical Inspector, all of which focus on maintaining product integrity and safety.

Eligibility

Pass in B.Pharm degree from any university recognised as equivalent by PCI and AICTE with the minimum of 55% aggregate.

Duration
2 years
